## Long Distance Requirements

SUBSCRIBERS ARE REQUESTED TO SPECIFY  
THE COMPANY WHOSE LINE THEY WISH TO  
USE WHEN PLACING A LONG DISTANCE CALL

Tell the Operator "Home" or "Pacific" Long Distance

# Rules for Good Service

1. Use the Directory. Never try to remember a telephone number. It's all right if you do remember it; but to try to remember is to begin to guess. If you have the least doubt about it look it up and thus save time and trouble.

2. Spell out all numbers by giving each figure separately, as "Two, five, six, one," for "2561;" "two, oh, oh, four," for "2004." Avoid the use of extra words, such as "Please." (The following of this rule is essential to good service. A majority of errors in calls are directly traceable to confusion between "eighteen" and "thirteen," and "twenty-three" and "thirty-three," "three" and "please", etc., which sound so much alike over the telephone.)

3. Speak Distinctly, especially when giving the number to the operator, and when talking over a toll line. Talk into the mouth-piece.

4. Answer Your Bell Promptly. A ring means a friend calling you—don't make him wait, or perhaps miss you entirely.

5. Until Your Bell Stops Ringing do not remove the receiver from the hook.

6. Be Brief but Courteous to the Operators. We require them to be so to you. They have no time to converse with you; they do not know subscriber's names; they deal entirely with numbers. Courtesy, like virtue, is its own reward, but pays extra dividends in connection with telephone service. Try it.

P. S.—By the way, when you know that a false call is due entirely to your careless use of the wrong number why not acknowledge it to the "innocent bystander" who answers the call? Why leave the Operator to shoulder the blame?

7. Call for "information" when you can't find the telephone number you want, or to get answers to any question regarding subscriber's names, or numbers. Your regular Operator cannot answer such questions.

8. Report all line trouble to Wire Chief, and inattention of Operators to Chief Operator; if not attended to promptly, report to Manager's office, Number 708. No rebate allowed until after 24 hours written notice.

9. Advertise That You Have a Telephone, but don't put its number on your letter heads, bill heads, cards or wagons. Why? Because this only increases the amount of trying to remember such numbers by the public—also the continued use of obsolete numbers—which in turn only hurts the service and doesn't help your business at all. Think this over.

10. Be Reasonable. You always are—yes, of course—but what we mean is this: It is unfortunate for us—that a telephone subscriber sees nothing, when getting service, but himself and one telephone instrument. He doesn't see the other hundreds or thousands of subscribers and he gets no idea of the work we are really doing and the violent and uncertain changes in the number of calls given us at various hours of the day. Ask yourself these questions: "Does any other company or store in town wait on me so uniformly promptly, or cause me so little direct loss of time, as does the Telephone Company?" So we repeat—be reasonable in your complaints, and patient withal, if the Operator is occasionally too busy, waiting on other customers, to give you instant attention. Meanwhile we will undertake to make your average service prompt and the longer delays reasonably few and far between. When you are not satisfied with it, don't discuss the matter with the Operator, but let our Manager know about it.

11. Observe these Rules if you believe they are good ones. If not, call on our Manager, see our plant in operation, and give him an opportunity to convince you. For we must all work together if we are to have GOOD SERVICE.
